of cuisines offered

Vision Tiska Catering

To continuously create, develop, and preserve distinctive flavors that set us apart, from Indonesian cuisine to International.

To provide catering service experiences in presenting a variety of meaningful dishes, celebrating love, strengthening bonds, and uniting every individual, by delivering premium quality taste and the use of real ingredients, accompanied by wholehearted service at every special celebration wherever the event may be.

Mission Tiska Catering

1. Create high-quality menu selections crafted with great care, celebrating the richness of Indonesian culinary heritage and its diverse flavors.
2. Provide warm, professional, and reliable service, making every event a celebration full of meaning and happiness.
3. Continuously sharpen the skills and expertise of our team through ongoing training, ensuring every dish and service reflects quality and consistency.
4. Build a positive and collaborative work environment, where teamwork, dedication, and shared passion elevate every catering experience.
5. Implement efficient systems and technology that streamline operations, guaranteeing smooth, timely, and exceptional service on every occasion.

History

Tiska Catering

Tiska Catering has gone through many important milestones in its business journey.

● 1980

The business was founded by Mrs. Sri Kadarwati (Ibu Titiek) with the support of her husband (Almarhum) Drg. Hari Poernomo. Together they started from a home kitchen, making assorted Mini Tampah Cakes and supplying to major catering companies of that era across Bogor & Jakarta.

● 1990

Began focusing and expanding into food catering, gradually providing catering services for various events from small/home-scale gatherings to large-scale weddings at wedding venues across Bogor and Jakarta. Gratefully, the flavors were well-received by customers as a fresh taste option, considered to deliver a uniquely special culinary experience.

History

Tiska Catering

Tiska Catering has gone through many important milestones in its business journey.

● 2017

The baton passed to Bimo Haryo Dewanto & Rita Ariyani — a complete rebrand, new identity, and more modern flavor innovations.

● 2019

The Kitchen Hub in Bintaro was established, bringing services closer to Jakarta clients and surrounding areas with better-maintained freshness.

● 2020

Amid the COVID-19 pandemic, Tiska survived and innovated — growing in the wedding segment through hampers and Nasi Keranjang products.

● 2024

Experienced rapid growth by launching innovative menus warmly received, and strategic partnerships expanding reach across Greater Jakarta.
